

Bee Sting Bourbon (an over 21 adult alcoholic beverage – serve warm or over ice)

This recipe uses a very large bottle of bourbon, but you can scale it back to suit your needs.

Ingredients:

- 1368 ml Bourbon (or 66% of your finished quantity)
- 200 ml Lemon Juice (or 10% of your finished quantity)
- 380 ml Honey (or 18% of your finished quantity)
- 125 ml Water (or 6% of your finished quantity)

Directions:

- Combine honey and water and heat until warm but not boiling to form honey syrup. (Honey boils quickly so be careful.)
- Add lemon juice and bourbon. Stir until ingredients dissolve.
- Serve over ice, or warm like a “hot toddy” – do not boil.
- Do not refrigerate or honey may crystallize.
